Re: Mr. Warren Hansen and Mrs. Erica Hansen

Dear Mr. Kirsch:

We have been requested by our clients, Mr. and Mrs. Warren Hansen, to contact you in reference to a posting on Junkfax.org's message board entitled "Warren Hansen a/k/a Warren Karl Hansen." This entire posting contains reckless and maliciously false and defamatory statements of and concerning Mr. and Mrs. Hansen. Moreover, in light of the Securities and Exchange Commission and other agencies' recent aggressive enforcement and investigation of individuals that post false statements on the Internet, we are also investigating whether or not said conduct is criminal.

The purpose of this correspondence is to demand that you immediately remove the posting from Junkfax.org's website in an effort to mitigate significant damages. We believe that Junkfax.org has a duty to police these false and defamatory postings and take immediate action to control what is published on its website. If Junkfax.org does not take action immediately, our clients will have no choice but to pursue all remedies available.

Further, demand is hereby made that you immediately advise us who provided Junkfax.org with the information that is posted to Mr. Hansen. If you cooperate in providing us with the names of the perpetrators who provided Junkfax.org with the false and defamatory statements and immediately remove said information from the website, we will consider not pursuing any action against Junkfax.org.

Mr. Steve Kirsch
